1.9.1

2. Click on Manage Services button

3. Click on Restore Backup link

4. On the new screen, click on the Files button, in green.

5. Select the date and time of the backup you wish to restore and click on Next button.

2014-09-18 02:45 (Today)

2014-09-17 02:47

2014-09-16 02:42

2014-09-15 02:39

2014-09-14 02:41

6. To restore the entire website, click on "Restore all files from the web directory"

To restore only individual files or directories, click on "Restore individual files/directories"

The following backup will be used to restore your files: **2014-09-17 02:14**

Please choose what should be restored:

Restore **all files** from the web directory

Restore **individual files/directories**

7. Click on Restore button.

8. The system will then begin the restore process for the website. Once it has completed, it will display a message on screen indicating so.

9. Navigate to the website in your browser and press CTRL + F5 button, in order to load the site on-screen.

RUN TRAFFIC USAGE REPORT FOR YOUR DOMAIN

1. Navigate to <https://myaccount.hetzner.co.za/>

2. Login in to the Control Panel:

Login: Enter your domain name (Eg. yourdomainname.co.za)

Password: (Contact the hosting dept. for the password)

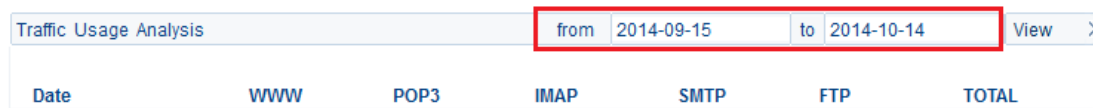

3. Click on 'Statistics and Reports'

4. Click on the Traffic Usage link

5. Change the dates for which you want to view the report.

6. Click on the View button to run the report.

7. The report will display the traffic for each day between the date range you have chosen. The traffic will be listed under these categories as below:

- WWW - traffic to your website
- POP3 - incoming email to your domain
- IMAP - outgoing email from your domain
- SMTP - outgoing email from your domain
- FTP - files updated to the web directory of your website
- TOTAL - the total traffic for the day concerned

HOW TO FIND DISK USAGE ON YOUR DOMAIN

1. Go to <https://myaccount.hetzner.co.za/>

2. Login in to the Control Panel:

Login: Enter your domain name (Eg. yourdomainname.co.za)

Password: Contact the hosting department for this (FTP password)
